tered into the objects of the Bill so fully Treasurer informed us that a gold loan would Colonial Secretary to fall back on it as a reserve cellsnoy's views, and it is a matter of regret ou identify as more than five-sixths in be dwell on the serious public inconvenience pore on the 3rd inst. from Make on route to the Bill so fully Pressurer informed us that a gold to not wish to add probably be proported in London at 31 per c-nt. fund. Whenever his budget is not satisfactory that the colony's estima of revenue for 1893 will raise of the whole rateable property in the and grave sanitary complications which suspendent that the colony's estima of revenue for 1893 will raise of the whole rateable property in the and grave sanitary complications which suspendent that the colony's estima of revenue for 1893 will raise of the whole rateable property in the and grave sanitary complications which suspendent is not satisfactory. that this Bill merely prescribes the manner in under 4 per cent, which in a loan running for sir, I say that the postponement of the Bill for Extraordinary public works already commenced would be interesting to know how many towns again wrote in and said. In my opinion the which inscribed stock should be raised should 50 years meant a difference of 50 per cent, to the six months would not in any shape or form must be proceeded with, and I realise that it there, are in the British Empire in which, with Government need not hesitate to make such a Bankruptov Court was continued yesterday and that method of borrowing be decided on for Government in borrowing in gold instead of silver, stop public works extraordinary, There is is now necessary for the colony to borrow in re- so trifling, an addition to the rates as loan, while they may consider the repayments raising the loan and emphasising the fact that Against that however, we have to meet with a a very easy way to meet that, The total pect of these public works. I am still of the op- one-twelfth, the revenue derived from the as well assured." He said. "There are not the Bill has been drafted at home on an approved loss of about 7 per cent. in the issue of the loan, amount now wanted for public works exinion that it is only reasonable posterity should assessment of rateable property has in ten wanting signs of approaching recuperation," model, and therefore no alterations should be intreduced, no less they appear to be essential.

for I understand him to say that perhaps we traordinary for the year is \$417,000, pay its share of such works. If this frozenment is a share of such works, if this frozenment is a share of such margin in band of somewhere about 40 per cent, has been reduced by \$60,000 in connection with moderate silver loan of £200,000 had to its credit on Sep-opinion is purely temporary and in my opinion But against that we have to contond with a loss the gaol vote, leaving 3357,000 to be expended. Bill at this sitting, but the Government seeks for fember 30th last a sum of £42,245. Ceylon in will soon rectify itself." On this head be also The Council went into Committee on the Bill. In the fall of silver. A fall in the market value Therefore as a matter of calculation for the authority to borrow in gold. It is most unwise raising a loan a few years ago was able to borrow says, "The fall in house rents has been due with the landing of a cable at Labuan and that the in- of silver would mean a fall in the value of the best six mentles about \$180,000 would be required to give the Company a large torest on the inscribed stock should not exceed dollar. While thinking this mitter over careful- ed. I think there would be absolutely no gold at the present time, when the immediate submit for the consideration of capitalists when the supply of houses especially houses for Euroly I have come to the conclusion that even if difficulty in getting temp wary overdrafts at the and future gold value of silver is shrouded ther the facts and figures I have mentioned do peaus, to exceed the demand. This is a matter Hon T. H. WHITEHBAD said-May I ask there was a fall, and a very material fall.—allow- Bank for this sum, waiting meanwhile to see | not go for to show that it would be good business | which can be cured by time, as the population of the whother it is necessary to include such a high ing that the dellar fell from 2/34 at the present how the future might turn out. For these known, and when no one begins to known the first to known the f moment to 2/-still we should have a margin reasons I propose the amendment that the second is going to happen to the metal. In your Excel- of interest. That, sir, is briefly what I have to I take it that he meant that the time would be His Excellency-"Shall not exceed 42 per by having borrowed in gold against silver of reading be postponed for six months. about 25 per cent,, or in other words, it Hon E R. BELILIOS-Your Excellency, anx- months ago you said-Hou. T. H WRITEREAD-I would suggest, means that the dollar would have to fall to ions as I am to avoid have pering the GovernNot to exceed 4 per cent."

Not to exceed 4 per cent."

The frequent fluctuations in silver nodes are naturally creating great difficulties, counselled and reasons have been urged in favour reduction of certain salaries and as lately as HIS EXCELLENCY—The most favourable be more advantageous to the colony. That, I they may have planned and matured in the beautiful in countries in which of that course which are by no means devoid of the 20th September last the hon, member wrote, the silver standard is in force, as well as in one debate. But the arguments on the other side The risk rue by the Government, in raising borrowing in gold to silver. There is another and would preve beneficial to the colony, yet under of the largest and wealthiest counties in Eng- when taken collectively are overwhelming, and a loan is nearly nil." Under his scheme Hon, T. II. WHITEHEAD—Gold at 44 per not a very unimportant reason why we should the present circumstances I feel I am justified in land. It is since rely to be hoped that the are total to the Government was to borrow from time cent. is ridiculous because I may mention it is borrow in gold if it is to be had, and it is this according this resolution that has been proposed monetary conference which is about to meet in former years from a special fend the origin of to time and to loud to a very small p. sible to berrow locally at about the same rate At the last meeting the hon, member opposite, to the effect that will decide on some sort of bimetallism which which is doubtless within the knowledge of section only of the community, the main silver. I therefore think it would be wrong surer told us that we could obtain a loss here the become reading of this Loss Bill be postponed will at all events give a fixity of value to the Council, and from our previous loss, rine lot holders \$2,491,198 and the outstanding The Colonial Secretary - Passing this confirmed by the hon, the Colonial Secretary, go further and to advocate the abandonment of the sideration. If such should be the case the effect clause will not oblige the Governor to borrow at and I am quite of the same opinion. I believe project altegether. We now have entatanding would be immediately felt by the energetic business community of this well-favoured island."

The project altegether will exceed the revenue by some \$300,000, a when the payment became due, would have expected in the payment became due, which would be immediately adjusted expected in the payment became due, would have expected in the payment became due, which would be immediately adjusted to provide the payment became due, which would be immediately adjusted to payment became due, which would be immediately adjusted to payment became due, which would be immediately adjusted to payment became due, which would be immediately adjusted to payment became and the payment and the payment became and the payment and the Hon. T. H. Whitzhead—It gives the Gowhat I fear is that if a local load was produced to be raised by this Bill will By the way the honographe the colonial Secretary—Yes, in 20
come from a withdrawal of fixed deposits from the sterling, would show the formidable debt of 24
that it is not an altractive place in itself, that years hence or 50 years perhaps 44 per cent. may banks in Hongkong. (Hear hear.) I do not million dollars. For the past fifty years, since it is an enormous distance from home, and of only some \$7,000, or some \$47,000 if we ex- prodence of the Government, which now probe the lowest rate at which we can borrow. I know whether your Excellency is aware that at this island has been colonised, we have jogged afflicted with perhaps the most trying climate in clude the provision made to must the charges on poses to raise fourteen lakes on behalf of the think there is not the slightest danger of the the present moment banking facilities are very along, we have paid our way, and we have pro- the world in the spring and summer months." the loss. There is nothing in the figures to whole community by a loss the repayment of trade journal published in Toronto, contains a Crown Agents getting a higher rate than they materially reduced, for neveral reasons, one vided for our public works. I maintain sir, that However, the International Monetary Confer conflict with my recent statement in regard to which will be distributed over fifty years, On short article which may give rise to some appread or of the Governor asking the colony to do reason, and a very good one, being that there this we shall still be able to do with judicions man- ence met in Brussels recently and has adjourned the financial position. Ho Kai The Registrar-General think, hardly to the point, for India borrowed order, to borrow when it has fallen to something over with the exception of one remark which I wish Hon. J. J. Bell-Irving The Director of Public Works thirty-five per cent. discount. It might have to make. I am extremely obliged to the unbeen mentioned that Ceylon had recently ber- efficial members for the clear, able, and exrowed in silver, but that is an example to avoid haustive way in which they have dealt with this and not to follow. They had reasons there the question. I shall have very great pleasure other day, which we have not here, for borrow- in sending to the Secretary of State a printed opening address to the Council in November ing in allver and their 3 per cent, gold loan is report of this debate colling, particular attention with the proposed loan your quoted, I believe, at 94, while their 4 per cent. I tion to the remarks of the anofficial members. Excellency said that if hou, me obers desired, the silver stands at only 194. Coming now to the Hoa, members used have no anxiety about the standing Public Works Committee might be main point of which is the cheaper market, all lean being raised immediately as the Ordinance appointed to superintend and control the expension of the arguments which have been advanced, or will give the Grown Agents power to raise it by diture of the amounts raised under the lean—

An Hon. Men which, as far as I can see, our be atvanced, in itstalments. favour of borrowing in silver were fully gine !

into and rebutted by the Secretary of State on | was then put the last occasion of a loan. In spite of what has bon said by the hon, member who repre- | Hon. C. P. Chater son's the Chamber of Commerce, I make bold to stite that the result of that opposition of the Socretary of State was that up to the 31th September last the Colony had bonefited by borr wing in gold to the extent of \$74.000. As regards the proposed loss the local Anditor has been kind enough to make out some figures for me. They show that for a fifty year loan estimating the average of exchange to remain constant the colony would bought by bor- The Colonial Secretary rowing in gold to the extent in round numbers | The Attorney-General of \$360,000 if the rate of interest payable were | The Colonial Treasurer 2 per cent, less than would be payable on silver. The Registrer-General \$545,000 if the rate of interest were I per cont. The Director of Public Works less, and \$725,000, if it were I per cauk less. It is by an means improbable that our loan may be raised in London at a more favourable rate of interest than I per cent. less than a silver loan to the conditions I have mentioned the wendjourn until the despatches from your Exin Hongkong. In that case and subject benefit would considerably exceed \$725,000. If after the loan was raised the average of ex. plies from the Secretary of State in connection Hon. He Kai change were to rise the benefit would proportionately increase. If it fell the benefit would, diminish, but it would not be converted into a relative loss, taking the difference of interest to be a 1. 1. and I per can a respectively. until the average of exchange had fallen by 31.4d. and ad. respectively. As the differences of laterest will probably amount to at least I per cent it the convenience of unefficial members, and your may be said with some confidence that the Excellency is personally ware that the daspatch amending the Macriage Ordinance 1875. Colony would continue to benefit by b growing which the hon, members want would not throw in gold unless and until the average of exchange any light whatever on the subject bayon? the had fallen by nearly 6d, to the dollar. The hon, sopior quafficial member made out a case, I think, in favour of gold against silver. If ha is right mine, but I think mine is strong enough for the consideration for the hon, unofficial members, may main in Committee in order that one of the in his figures it is an even stronger case than purpose. Such a fall is, I hope, very unlikely, but result in s-rious monetary loss to the Colon t. even that fall would not make a loss on the whole transaction if the fall were only temporary. We lose on the whole transaction only if the | unoff is members. average of exchange so fell, that is during the fifty years' currency of the loan, to 64 less to the were adjourned at the request of Mr. Chater and dol ar than the rate ruling at the date of issue, Mr. Whitehead. Those who advocate borrowing locally in eliver (Hou. Ho Kar-I was not aware of that. equately realised, I think, the extent of the raised. IMPORTANT SALE BY PRIVATE TEFATY. HIOGO, JAPAN. TO CAPITAGI TS-SYNDICATE !, HOTEL PROPRIETORS.

AND OTHERS. TO BE SOLD BY TENDER.

LL that property known as the HIGGO A HOTEL, KOBE, JAPAN, with its unrivalled situation facing the Harbour of Kobe the larger pertion of the property, viz., that facing the sea, being held in perpetuity from the Japanese Government at a small (almost no. minal) ground root, and carrying with it the privilege of using the whole of the Beach in front of the Hotel down to low water mirk. In fact, the site of the Hotel is not surpassed in any Port in the East. The Hotel Buildings have a sea frontage of

246 feet, and power an area of 633 land equivalent to about 2,600 square yards, and in addition thereto, there are two lots in the rear, of "00 tanho and 132 tanho respectively, with the buildings thereon, held nuder Leases, expiring in one case in the year 1909, and in the other The Hotel was placed under new management on the lat of August, 1-92, with a very beneficial

result, and the Purchasers of this Property would enter into possession of a valuable and improving business and an old established " going concorn," and the existing accommodation is espeble speedily, at a moderate outlay, of most extensive additions to provide for all Visitors to or from the World's Fair" and others who latend making the tour of Japan. The fullest inspection is invited. The Liquidators of the Hiogo Hotel, Limited, call for Tenders for the purchase of the land and buildings comprising the above property.

All Tenders to be delivered -t the Office of Mr. H. J. PEARCE. Solicitor, Kibe, Japan, on or before the 15th of FEBRUARY, 1893; the NOT RESPONSIBLE FOR DEBTS. highest Tender not mocessarily accepted. valuation.

For further particulars, giving number of the Manager at the flotel, or to H. J. BOTAWELL, No. 11, Kobe. Liquidators. H. J. PEARCE.
